

BICYCLE AND PEDESTRIAN PLAN FOR THE NON-URBANIZED AREA OF MARATHON COUNTY

MARATHON COUNTY, WISCONSIN (COMPLETED)

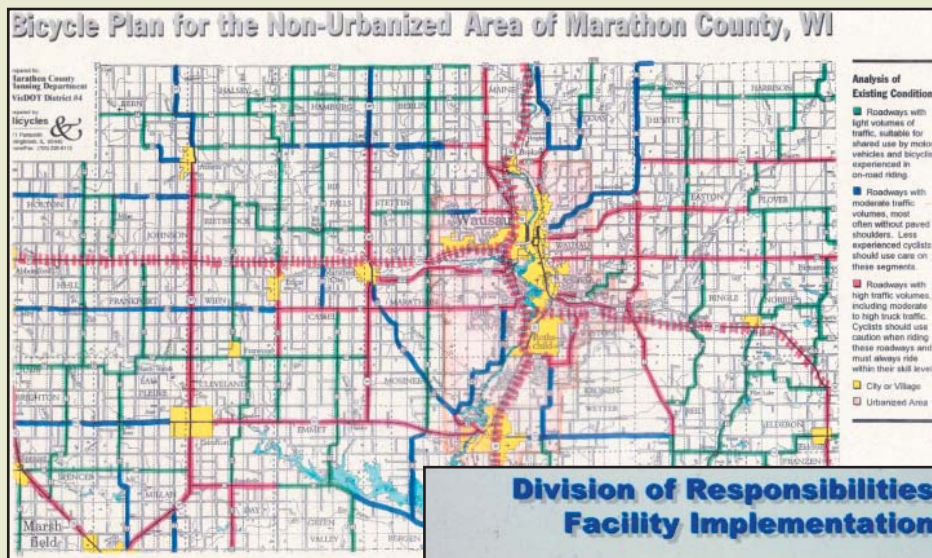

Terri Musser prepared a plan for this rural Wisconsin county that addressed four areas of bicycle planning:

- Recreational touring on rural highways
- Family day-trips to rail-trail projects
- Off-road mountain biking opportunities
- Accommodations to encourage utilitarian bicycling.

The plan was designed to assist Marathon County in prioritizing funds to make bicycling and walking improvements where most needed.

Client: Marathon County Department of Conservation, Planning and Zoning

Contacts: Ed Hammer (715) 261-6040
